

BELGRADE BPH MASTERCLASS

Programme

19. september 2026

Hotel Mona Plaza, Belgrade

08:00–09:00

Registration

09:00–09:15

**Opening Ceremony / Welcome Remarks:
Belgrade BPH Masterclass 2026**

Uroš Bumbasirević, Serbia
Marek Zawadzki, Poland
Boris Kajmaković, Serbia

09:15–09:30

Opening Lecture
**BPH as a Growing Public Health and Urological
Challenge**

Arkadiusz Miernik, Urology
Department, Freiburg,
Germany

Session I: MIST in BPH

09:30–09:45

State-of-the-Art Lecture
**MISTs in The Contemporary Management of BPH:
Patient Selection and Counseling**

Petar Bajic, Cleveland
Clinic, USA

09:45–09:55

**Rezūm Water Vapour Therapy: Current Evidence and
Regional Experience**

Uros Bumbasirevic,
University Clinical Center
of Serbia, Serbia

09:55–10:05

**Transperineal Laser Ablation of the Prostate:
Technique, Indications and Outcomes**

TBC

10:05–10:15

**iTind as a Minimally Invasive Option for BPH:
Evidence, Technique and Clinical Experience**

Petar Bajic, Cleveland
Clinic, USA

10:15–10:25

**Prostatic Artery Embolization: Where Does It Fit in
the BPH Treatment Algorithm?**

Borivoje Lukic, University
Clinical Center of Serbia,
Serbia

10:25–10:40

**Panel Discussion
MIST in Real Life: Patient Selection, Expectations and Durability**

10:40–11:00

Coffee Break

Session 2: Enucleation as the New Gold Standard in BPH Surgery

11:00–11:15	State-of-the-Art Lecture Anatomical Endoscopic Enucleation of the Prostate: The New Standard for Surgical BPH Treatment	Mehmet İlker Gökçe, Ankara University School of Medicine, Türkiye
11:15–11:30	En Bloc HoLEP: Surgical Principles, Tips and Tricks	Marek Zawadzki, St Anna hospital, Piaseczno, Poland
11:30–11:45	MOLEP: All-in-One – Pulse Modulation, Slim Resectoscope and Functional Enucleation	Mario Sofer, Sackler School of Medicine, Tel-Aviv, Israel
11:45–12:00	Thulium Fiber and Thulium Hybrid Laser Enucleation: Emerging Evidence and Technical Considerations	Arkadiusz Miernik, Urology Department, Freiburg, Germany
12:00–12:15	Bipolar Enucleation: A Practical Alternative to Laser Enucleation	Mohamed Omar, Menoufia University, Egypt
12:15–12:30	Safe and Efficient Morcellation after Prostate Enucleation: Tips and Tricks	Milan Radovanović, University Clinical Center of Serbia, Serbia
12:30–12:45	Complications of Endoscopic Enucleation: Prevention, Recognition and Management	Andreas Andreou, U4U, Thessaloniki, Greece
12:45–13:00	Starting a HoLEP Programme: Training, Mentorship and the Learning Curve	Djordje Cvijanovic, University Clinical Center of Serbia, Serbia
13:00–13:15	Panel Discussion Enucleation in Daily Practice: Technique, Complications and Programme Development	
13:15–14:30	Lunch Break	

Session 3: Beyond Enucleation – Conventional and Advanced Surgical Options for BPH

14:30–14:45	TURP in the Modern Era: Still Relevant or Gradually Replaced?	Otas Durutovic, University Clinical Center of Serbia, Serbia
14:45–15:00	Thulium Vapororesection of the Prostate: Technique, Indications and Outcomes	Vladimir Vasic, University Medical Center “Zvezdara”, Department of Urology, Belgrade, Serbia
15:00–15:15	Laparoscopic Simple Prostatectomy/Adenomectomy: Contemporary Role in Large Prostates	Boris Kajmakovic, University Clinical Center of Serbia, Serbia
15:15–15:30	Robotic Simple Prostatectomy/Adenomectomy: Indications, Technique and Outcomes	Ranko Miocinovic, Duly Health and Care, Downers Grove, USA
15:30–15:45	Panel Discussion Choosing the Right Surgical Approach: TURP, Vapororesection, Laparoscopy or Robotics	
15:45–16:05	Coffee Break	

Session 4: Clinical Debates and Interactive Expert Discussion

Clinical Debate 1

16:05–16:25

Rezūm vs HoLEP in Elderly and Frail Patients: Minimal Invasiveness or Definitive Treatment?

Pro Rezūm (7 min): Predrag Šainović, Maribor, Slovenia

Pro HoLEP (7 min): Boris Kajmakovic, University Clinical Center of Serbia, Serbia

Discussion: 5 min

Interactive Expert Discussion

16:25–16:45

HoLEP Complications: Learning Curve Perspective vs Master Surgeon Perspective

Learning Curve Perspective (7 min): Uros Bumbasirevic, University Clinical Center of Serbia, Serbia

Master Surgeon Perspective (7 min): Marek Zawadzki, St Anna hospital, Piaseczno, Poland

Discussion: 5 min

Clinical Debate 2

16:45–17:05

HoLEP vs TURP in Small Prostates: New Gold Standard or Still the Benchmark?

Pro HoLEP (7 min): Mehmet İlker Gökçe, Ankara University School of Medicine, Türkiye

Pro TURP (7 min): Otas Durutovic, University Clinical Center of Serbia, Serbia

Discussion: 5 min

Clinical Debate 3

17:05–17:25

Ejaculation Matters: Can Enucleation Procedures Compete with MISTs?

Pro MISTs (7 min): Petar Bajic, Cleveland Clinic, USA

Pro Enucleation (7 min): Andreas Andreou, U4U, Thessaloniki, Greece

Discussion: 5 min

Closing Remarks

17:25–17:35

Belgrade BPH Masterclass 2026: Key Messages and Future Directions

Uroš Bumbaširević, Marek Zawadzki, Boris Kajmaković
